**POTHOLES** are cropping up all over our roads after the snowstorm on the first day of January. King Co. Road Services provides 24/7 customer service to report this bumpy problem. To report a pothole, make sure to have the following information available when you call:

Your name, address and daytime phone number. They may need to contact you in the event more information is needed.

The location of the pothole, including the nearest cross street and/or address. Best to use the GPS on your smart phone. Write

down any other pertinent information they may need to be relayed to the crews about the problem. Then call 206-477-8100 or 800-527-6237—the squeaky wheel does indeed get the grease and they have been responsive.
