Lake Margaret Community Purposes Club

Lake Margaret Community Purposes Club (LMCPC) is a non-profit community organization governed by the covenants and By-Laws of the Lake Margaret Community. The Club is managed by a Board of volunteer Trustees dedicated to serving and supporting our neighborhood.

An Annual Membership Meeting is being held on the second Saturday of June. The exact time and location are announced in advance on the website, Facebook page, community reader board, and in the newsletter. All members are encouraged to attend, this is your opportunity to stay informed, share your voice, and connect with your neighbors.

The Board of Trustees meets regularly throughout the year, typically ten to twelve months annually. Members are welcome to attend these meetings. Meeting details are published in the newsletter, on the website, on Facebook, and posted on the reader board at the entrance to the neighborhood. Since 2020, meetings have also been available virtually via Zoom.

Water bills are issued bi-monthly for the prior two months of usage, with payments due by the 25th of each billing month. A community newsletter typically accompanies each billing.

Volunteers are always welcome for committees and community work parties. To get involved, please contact Sue Beauvais, Community Coordinator.

PROTECTING OUR DRINKING WATER

Lake Margaret is not only a beautiful and pristine body of water — it is also one of the cleanest lakes in Washington State. As residents, we share both the privilege of living here and the responsibility of protecting this valuable natural resource. Preserving the quality of our lake is a community commitment.

The Lake Margaret Community is home to approximately 130 families. At the south end of the lake, residents and their guests may enjoy the private swimming beach for swimming and picnicking. On the eastern shore, a private fishing dock is reserved for residents and their guests. For safety and accountability, guests must be accompanied by a resident at both the swim lot and fishing dock.

Non-residents are welcome to fish in Lake Margaret; however, a Discover Pass is required to park vehicles in the Fish & Game lot, which is open from May through October.

To help maintain water quality, only non-motorized or electric-motor boats are permitted on the lake. Gas-powered boats are strictly prohibited.

REMINDERS FOR PROTECTING LAKE MARGARET

Maintain your septic system regularly

Never pour toxic chemicals down household drains

Practice lake-smart lawn care to reduce runoff

Plant shrubs and ground cover along the shoreline

Keep debris and yard waste out of the lake

Use a plastic barrier when treating docks

Remember that most drainage ditches flow directly into the lake

Call 8-1-1 before you dig
